The following stats include the whole Espace San Bernardo ski area (2018/19 season):

- **Total length of marked runs: 152 km / 95 miles**
    - Length of pistes: 106.7 km / 66.3 miles
    - Length of catwalks: 34.1 km / 21.2 miles
    - Length of terrain parks, fun slopes etc.: 5.7 km / 3.6 miles
    - Length of marked ski routes: 5.2 km / 3.2 miles
- Skiable area: 331 hectares / 818 acres

- Longest run: 12.0 km / 7.5 miles
- Total vertical: 1,627 m / 5,338 feet
- Skiable vertical: 1,148 m / 3,3766 feet
- Total boundary area: 2,024 Hektar / 5,001 acres
- Greatest distance within ski region: 15.3 km / 9.5 miles
- Vertical transport capacity (hour): 20.166.631 m / 66,163,488 feet
- Number of lifts (without magic carpets): 33
    - Trams/Gondolas/Chondolas: 1
    - Detachable chairlifts: 11
    - Fixed grip chairlifts: 7
    - Surface lifts: 14
    - Rope tows: -
    - Magic carpets: 4
- Skiing comdort (skiable area/ 1 Mio. VTM): 16.4 hectares
- Intensity of development (km of runs per square km of boundary area): 7.5 km
- Width of runs: 21.8 m on average

Pizol

The Pizol mountain is towering above the upper Rhine valley. It offers very long and scenic runs, making it one of the most attractive ski resorts in eastern Switzerland. The Pizol became the first Swiss ski resort to obtain the seal of approval for 'Verified Length of Runs.

The following stats were determined for Pizol ski area (2015/16 season):

- **Total length of marked runs: 43 km / 27 miles**
    - Length of pistes: 30 km / 18.8 miles
    - Length of catwalks: 5 km / 3.1 miles

    - Length of terrain parks: 4.2 km / 2.6 miles
    - Length of marked ski routes: 3,4 km / 2.1 miles
- Skiable area: 97.6 hectares / 241 acres
- Longest run: 8.2 km / 5.1 miles
- Total vertical: 1,737 m / 5.700 feet
- Skiable vertical: 1,686 m / 5,531 feet
- Total boundary area: 470 Hektar / 1,161 acres
- Greatest distance within ski region: 6.0 km / 3.7 miles
- Vertical transport capacity (hour): 6,063,784 m / 19,894,305 feet
- Number of lifts (without magic carpets): 11

    - Trams/Gondolas/Chondolas: 3
    - Detachable chairlifts: 4
    - Fixed grip chairlifts: -
    - Surface lifts: 4
    - Rope tows: -
    - Magic carpets: -
- Skiing comdort (skiable area/ 1 Mio. VTM): 20.7 hectares / 51,1 acres
- Intensity of development (km of runs per square km of boundary area): 8.74 km
- Width of runs: 22.9 meters / 75 feet

Shuttleberg Flachauwinkl-Kleinarl

The ski area that links two valley and the villages of Flachauwinkl and Kleinarl belongs to the Ski amadé region in the Salzburger Land in Austria. It is well known for its modern, comfortable fleet of high speed lifts, its freestyle terrain and has a reputation for freeriding. New runs have been added for the 2016/17, lifting the resort over the mark of 40 km of runs.

The following stats were determined or Shuttleberg ski area (2016/17 season):

- **Total length of marked runs: 40 km / 25 miles**
    - Length of pistes: 21 km / 13 miles
    - Length of catwalks: 7 km / 4.4 miles
    - Length of terrain parks: 4 km / 2.5 miles
    - Length of marked ski routes: 8 km / 5 miles
- Skiable area: 106.4 hectares / 263 acres
- Longest run: 6.7 km / 4.2 miles
- Total vertical: 940 m / 3,084 feet
- Skiable vertical: 940 m / 3,084 feet
- Total boundary area: 358 Hektar / 885 acres
- Greatest distance within ski region: 6,0 km / 3.7 miles
- Vertical transport capacity (hour): 5.311.727 m / 17,426,926 feet
- Number of lifts (without magic carpets): 9
    - Trams/Gondolas/Chondolas: -
    - Detachable chairlifts: 6
    - Fixed grip chairlifts: -
    - Surface lifts: 3
    - Magic carpets: 2
- Skiing comfort (skiable area/ 1 Mio. VTM): 20.04 hectares / 49.5 acres
- Intensity of development (km of runs per square km of boundary area): 10.8 km / 6.7 miles
- Width of runs: 34.7 meters / 114 feet

Wintersport-Arena Card

The Wintersport-Arena Sauerland is one of the best kept secrets of German skiing. At least for many Germans especially from the traditional winter sports regions in Bavaria. But being the closest winter sports region to the Netherlands, the Sauerland is very popular among skiers from the Netherlands. Investments of more than 100 million Euros over the course of the last 15 years have transferred the ski

areas of the Wintersport-Arena into modern resorts. Eight of them offer an interchangeable lift pass, the Wintersport-Arena Card. This is promoted with the seal of approval for 'Verified Length of Runs'.

The following stats include all ski areas participating in the Wintersport-Arena Card (2016/17 season):

- **Total length of marked runs: 66 km / 41 miles**
- Skiable area: currently being determined
- Longest run: 2.3 km / 1.4 miles
- Total vertical: 250 m / 820 feet
- Skiable vertical: 250 m / 820 feet
- Total boundary area: 230 Hektar / 568 acres
- Greatest distance within ski region: 19 km / 12 miles
- Vertical transport capacity (hour): 7,529,077 m / 24,701,696 feet
- Number of lifts (without magic carpets): 76
    - Trams/Gondolas/Chondolas: 1
    - Detachable chairlifts: 11
    - Fixed grip chairlifts: 6
    - Surface lifts: 33
    - Rope tows: 8
    - Magic carpets: 16
    - Sledding lifts: 2
- Skiing comfort (skiable area/ 1 Mio. VTM): currently being determined
- Intensity of development (km of runs per square km of boundary area): 28.7 km
- Width of runs: currently being determined

Parnassos Ski Centre

Parnassos Ski Center is located a little bit more than two hours from the capital city of Athens. It features great views accross the gulf of Korinth towards the Peloponnes peninsula and a great variety of runs as

well as lots of space for freeriding. Its altitude and location usually ensure good snow conditions. Recent investments of more than 30 million Euros turned the ski area into the most modern in the country.

The following stats have been derived for Parnassos Ski Centre (2016/17 season):

- **Total length of marked runs: 37 km / 23 miles**
    - Length of pistes: 21 km / 14.1 miles
    - Length of catwalks: 7 km / 4.4 miles
    - Length of marked ski routes: 9 km / 5.5 miles
- Skiable area: currently being determined
- Longest run: 6.3 km / 3.9 miles
- Total vertical: 645 m / 2,117 feet
- Skiable vertical: 645 m / 2,117 feet
- Total boundary area: 537 Hektar / 1,327acres
- Greatest distance within ski area: 4.2 km / 2.6 miles
- Vertical transport capacity (hour): 3,426,280 m / 11,241,076 feet
- Number of lifts (without magic carpets): 16
    - Trams/Gondolas/Chondolas: 5
    - Detachable chairlifts: 1
    - Fixed grip chairlifts: 1
    - Surface lifts: 6
    - Rope tows: 3
    - Magic carpets: 1
- Skiing comfort (skiable area/ 1 Mio. VTM): currently being determined
- Intensity of development (km of runs per square km of boundary area): 6.7 km
- Width of runs: currently being determined
